REPLY TO ATTENTION OF:
5WQP-11

AUG 22 1984

Mr. Lonnie Brumfield
Pretreatment Coordinator
Indiana State Board of Health
1330 West Michigan Street
Indianapolis, Indiana 42606

Dear Mr. Brumfield:

We have completed our review of the City of Elkhart's (a special Federal interest City) revised pretreatment program Activities One, Two, Three and Five. The documents were received in our office on July 12, 1984.

We have the following two comments on the City's submission.

1. The City should follow up on the 13 industries that are listed below. Based upon our review of the questionnaires, the City should check on the industries' compliance with the appropriate categorical standards and/or their awareness of the applicability of specific categorical standards to their facilities.

- | | |
|------------------------------|---|
| . Atlas Chem Milling | . Michiana Industrial Finishing Corporation |
| . CTS of Elkhart | . The Selmer Company |
| . ECM Photo Tooling, Inc. | . Taylor Products Division |
| . Ideal Plating Corporation | . Teledyne Metal Forming |
| . ILC Co., Inc. | . Vincent Bach I |
| . K.M. Kiefer & Son | . Vincent Bach II |
| . McDowell Enterprises, Inc. | |

2. The ordinance does not require the submittal of the baseline reports or the monthly reports as required by the 403 regulations and the Indiana guidance. Additionally, the submittal of compliance schedule reports is required by ordinance section 3.3.2, but may not be specific enough. The City should revise their ordinance to include these reporting requirements.

We have already discussed our Regional concerns with Mr. Pat Colcord of your staff by telephone on August 6, 1984. This letter is a formalization of comments which should already have been incorporated into the State's comment letter to the City. Our combined comments should be readily addressed by the City in an addendum to the final program application.

Please contact either John O'Grady or myself if you have any questions.

Sincerely,

Valerie J. Jones
Regional Pretreatment Coordinator
